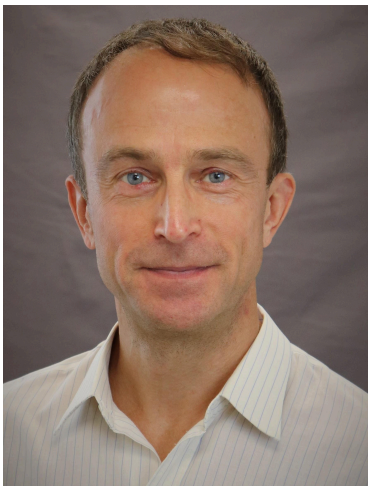
Alexander Andreev

Address	Am Römerkastell 28, 53111 Bonn
Contact Tel.	+49 176 92608981
Email	andreev.al@gmail.com
Web	linkedin.com/in/al-andreev github.com/lexandree
Date of birth	24.03.1967
Place of birth	Sankt Petersburg, Russia



Experience

01/2018 – 12/2023

Data Scientist, Cube Matrix GbR
Multilingual Chatbot for Telegram / Knowledge base: LLM, GraphRAG, Langchain, LangGraph, Neo4j.
TV audience forecasting by age/gender: evaluated ETS, SARIMA, Prophet, ConvLSTM. Ext signals (holidays, school breaks, World Cup) improved accuracy. Tools: R, Python, TensorFlow.
Customer churn prediction for an utility company: R, Shiny, Python, PostgreSQL, LSTM, Keras, TensorFlow; Data mining development plan.
Deep autoencoders for marketing campaign analysis.

01/2016 - now

Self-paced learning
Hugging Face: SmolAgents
Neo4j: Building Knowledge Graphs With LLMs
Udacity: Self-Driving Car Engineer Nanodegree
Udacity: AI for Trading
Udacity: Data Analyst Nanodegree. Descriptive and inferential statistics.
MIT: 18.065 Matrix Methods in Data Analysis, Signal Processing and Machine Learning
Stanford CS224u: Natural Language Understanding
Stanford CS25: Transformers United
Udemy: GANs And Variational Encoders, Advanced Computer Vision
TechWorld DevOps Bootcamp
Kaggle competitions

08/2006 - 12/2015

System administrator, Alanus University

Expansion of a data center

- Installation and support of a VMWare vSphere data center

02/2002 - 06/2006

Senior Developer, Bizz Consult GmbH, Bergisch-Gladbach

- Software analyst / designer
- Technical consulting
- Software Support
- Project manager
- Sage Office Line customization, MS SQL, VB
- Import/Export services, C

06/2001 - 09/2001

Senior Developer, Peterline GmbH, St.Petersburg, Russia

- Technical consulting
- Project manager
- Software for hospitals, automated collection of applications for cancer patients
- Delphi, Interbase, ODBC

10/1999 - 05/2001 **Senior Developer**, Orgacom GmbH, St.Petersburg, Russia

- Technical consulting
- Team leader
- Sage Office Line customization, MS SQL, VB
- Import/Export services, C

07/1994 - 07/1999 **Software Developer**, Weiss-Electronic Petersburg Ltd., Russland

- Client/server applications, Oracle, C++

01/1992 - 06/1994 **Ingenieur**, Piton Ltd., St.Petersburg, Russland

- Patent engineering
- Alarm systems

03/1990 - 04/1990 **Intern**, ISTEC GmbH, Saarbrücken

- Development of database applications

Education

08/1989- 06/1990 Studies at Saarland University, specializing in electrical engineering, DAAD scholarship

09/1984 - 02/1992 Saint Petersburg State Electrotechnical University, Computer Science, 10 semesters

Degree: research engineer

Technical knowledge

Programming languages: Python, C / C++, R, Java, SQL, PL/SQL, Visual Basic, Pascal, Assembler, HTML, XML, JSON , Go

Tools: n8n workflow automation,Langchain, Llamaindex, GraphRAG, TensorFlow, Keras, PyTorch, FastAI, Docker, Kubernetes, Jenkins, ROS, H2O, Tableau-Software, Flask, GIT, AWS Lex, Rasa Platform

Technologies: Graph Data Science, LLMs, Explainable AI, Deep Learning, Reinforcement Learning, Machine Learning, NLP, NLU, DevOps, CI/CD, Cloud Computing, Server-Side Programming (Multithreading, Services)

Databases: Neo4j, PostgreSQL, MySQL, MongoDB, Oracle, MS SQL Server, Sybase, MS Access, Firebird

Languages

German: very good German spoken and written
English: Intermediate
Russian: Mother tongue

Interests

Volunteering with refugees,
Analog and digital electronics,
snowboarding, wakeboarding, table tennis, workouts, jogging

Bonn, 7.08.2025
